## Overview of Commissioner's Charter Renewal Recommendation

### Recommendation: 5-Year Renewal

#### Renewal Recommendation Overview:

Summary of Recommendation	
Recommended Action:	<b>The Commissioner recommends that the Council on Elementary and Secondary Education move to <u>renew</u> the charter of The Learning Community Charter School for <u>5 years</u>.</b>
Recommended Charter Term:	From SY2019-20 through SY2023-24
Recommendation Key Points:	<p>Over the course of the charter's term, the school has demonstrated its ability to ensure its students are achieving. However, it has mixed results in the most recent year, specifically in language attainment for English Learners and in ELA student growth. Since the school approached expectations on the school comparison sub-indicator in the most recent year, it received a Tier 3 final designation.</p> <p>The school received 2 points (out of 4) for both Math (33% proficient) and ELA (39% proficient). However, the school received a 2-star rating due to low progress for its EL students, approaching expectations for School Performance. This triggered an analysis for the School Comparison sub-indicator, which includes three criteria (Sending District Comparison, EL Progress, Growth). The school did not meet expectations on one of the criteria, resulting in an overall school comparison rating of Approaches:</p> <ul style="list-style-type: none"><li>• The school exceeded expectations in the Sending District Comparison. The school outperformed a weighted average of its sending district proficiency rates by more than 15 percentage points in both ELA and Math.</li><li>• The school did not meet expectations for EL Progress. The school earned 1 ELP point (out of 4), its ELP Index score was 62 (out of 110), with 38% of ELs meeting the progress target.</li><li>• The school approached expectations in growth, earning only 1 point for growth (out of 3) in ELA (growth index of 0.73 out of 2) and 2 points in Math (growth index of 0.98 out of 2).</li></ul>

## The Learning Community Charter School Overview of Commissioner's Charter Renewal Recommendation Recommendation: 5-Year Renewal

School Mission and Model	
School Mission:	"At the Learning Community, we believe literacy empowers each individual to have a voice, assume community responsibility and take social action. We grow teacher leaders, student leaders and community leaders."
School Model:	The school functions as one school environment, with multiple grade levels. The school is lead with a co-director model, and a school leadership team composed of Co-directors of Instruction, a Director of Middle School, an Instructional Coach and the Director of Data. As stated in its mission, the Learning Community focuses on literacy and integrates it throughout the students' learning experiences. Additionally, the charter focuses on sharing best practices for teaching and learning with surrounding districts and schools through its dissemination arm, the "Teaching Studio" and collaborating with local organizations.

### Overview of Charter Performance Ratings:

The following table depicts the charter's performance according to the Charter Performance Review System. For more detail on performance ratings, please see the charter's renewal report and annual performance dashboards.

## Renewal Report | 2018

### ABOUT THIS REPORT

---

In 2015, RIDE embarked on a process to revise the existing charter performance framework based on lessons learned over 5 years of implementation and alignment to national best practice. The updated [Charter School Performance Review System](#) was created in collaboration with a committee of charter school practitioners and the National Association of Charter School Authorizers. The purpose of the revision was to increase transparency of charter performance review, provide clarity on charter's performance annually, and ensure consistency of decisions that prioritize the school's academic performance. The 2016-17 school year was the first year of implementation, and all charter schools received 2015-16 performance ratings applied retroactively to initiate the new performance framework.

This report comprises performance ratings for the previous three years of the charter's term (2015-16, 2016-17 and 2017-18). The 2014-15 school year, the first year of the current charter term, is not rated due to the transition of both the charter performance review system and the statewide assessment. Performance ratings utilize data from school-generated annual reports and other RIDE monitoring results. As part of the renewal process, RIDE provided initial renewal tier designations, based off the two most recent years of available data, to inform the renewal process. The final tier designation is updated based on results from the 2017-18 school year.

The Learning Community Charter School initially received a "Tier 2" designation and was rated "meets expectations" for the Academic Indicator in the two most recent years of available data. The school was rated "meets or exceeds expectations" in all sustainability indicators in all other years of available data. The renewal site visit was conducted in late March through the "standard process." To prepare for the site visit, the team, comprised of RIDE staff from the Office of College and Career Readiness, reviewed the charter's performance reports to date, the charter's renewal application, and programmatic and organizational documentation submitted by the school. The site visit consisted of classroom observations and interviews with the charter school board, all members of the school's leadership team, the Teaching Studio Team, parents, and students representing grades Kindergarten through 8. The site visit is an integral part of the team's ability to corroborate information provided by the charter school, follow up on areas of the school's operations aligned to the framework and ensure the team has gathered information to help determine performance ratings for the Organizational and Compliance Indicators.

## Renewal Report | 2018

### CHARTER OVERVIEW

The Learning Community is an independent charter school, composed of grades kindergarten through 8 organized as a single school. The school is lead with a co-director model, and a school leadership team composed of Co-directors of Instruction, a Director of Middle School, an Instructional Coach and the Director of Data. The Teaching Studio, established as the dissemination arm of the charter, functions as the professional development hub, which offers client-based, targeted, professional development. The charter opened in 2004 approved for grades K – 8, and expanded modestly in 2012 and 2016. In 2016, the charter was approved for an expansion to serve an additional 27 students. The Learning Community currently offers seats in grades K – 8, for up to 585 students.

The school is under one school code and functions as one school environment, with multiple grade levels. The Learning Community has become a community presence, having shared best practices for teaching and learning with surrounding districts and schools through its dissemination arm, the “Teaching Studio” and by collaborating with local organizations.

The mission of The Learning Community is *“At the Learning Community, we believe literacy empowers each individual to have a voice, assume community responsibility and take social action. We grow teacher leaders, student leaders and community leaders.”*

## Renewal Report | 2018

### PERFORMANCE OVERVIEW

The Learning Community received a “Tier 3” final tier designation for the renewal process, since the school approached expectations on the school comparison sub-indicator in the most recent year. The Learning Community initially received a “Tier 2” designation having been rated “meets expectations” for the Academic Indicator in the two most recent years of available data. The school was rated “met or exceeded expectations” in all sustainability indicators in all other years of available data.

The Learning Community received a rating of 2-stars, or approaches expectations, for school performance due to low progress for its students that are English language learners. This triggered an analysis for the School Comparison sub-indicator, which includes three criteria (Sending District Comparison, EL Progress, Growth). The school did not meet expectations on one of the criteria, resulting in an overall school comparison rating of Approaches.

Additional context for each indicator and criteria rating is included in this report.

Each indicator’s specific criteria ratings inform an overall indicator rating. Each charter receives a detailed annual performance report that identifies ratings for each individual criteria and overall indicators. These performance reports accompany the renewal report.

### PRIMARY INDICATOR: ACADEMIC PERFORMANCE

School Performance			
SY14-15	SY15-16	SY16-17	SY17-18
Not Rated	Meets Expectations	Meets Expectations	Approaches Expectations
<p><b>Summary:</b> Academic data is available for the 2015-16, 2016-17 and 2017-18 school years. With the transition to PARCC, the statewide accountability results for the 2014-15 school year were baseline and are not rated in the charter performance system.</p> <p>For the 2015-16 and 2016-17 school years, The Learning Community received a CIS score of 71 and 78 (respectively), commensurate with a “leading” level per RIDE’s school classification system under ESEA waiver.</p> <p>In the 2017-18 school year, the school received a two-star rating due to low progress for students who are English language learners. This triggered the completion of the School Comparison sub-indicator which found the school approached expectations overall, because it did meet expectations for English language learner progress (see School Comparison below).</p> <p>Through a review of documents, the charter’s renewal application, and on-site interviews, there is evidence that the school utilizes internal academic data as well as results on the state assessment to evaluate its student achievement. The school conducts a quarterly analysis of academic data that includes a deep dive into achievement growth by grade level, teacher, and subgroups (English Language Learners, Students with Individualized Education Plans, Race, Ethnicity and Gender). The data meeting structure for data analysis was created with the intent to reduce bias and focus on the data, instead of individual interpretations. The school has a specific focus on closing academic gaps and creates strategies to address gaps as they arise.</p>			

School Comparison

<p>In 2017-18, RIDE conducted an analysis of the School Comparison sub-indicator due to the school receiving an “Approaches” expectations rating for the School Performance sub-indicator. Based on this analysis, the school was rated as “Approaches” expectations for the School Comparison sub-indicator due to receiving an “Does Not Meets” rating on criteria 1.B.2. The school received an “Exceeds” in criteria 1.B.1 and an “Approaches” rating in criteria 1.B.3.</p>

### SUSTAINABILITY INDICATOR 1

Financial Performance			
SY14-15	SY15-16	SY16-17	SY17-18
Not Rated	Meets Expectations	Meets Expectations	Meets Expectations
<p><b>Summary</b></p> <p>The charter received an overall “Meets Expectations” annual rating in Financial Performance for each year of its term. Financial ratings are based primarily on the charter’s audit and therefore, financial information lags a year. For example, financial ratings for 2015-16 are based on the charter’s FY15 audit. Due to the transition of the charter performance review system, the 2014-15 school year is not rated.</p> <p>The Learning Community’s board of directors provides oversight on financial matters through the finance committee. The Board President is a member of said committee, which oversees investments, purchases, capital expenses and the school budget. The school also employs a finance director, who has the dual responsibility of financial management and matters related to human resources.</p>

## SUSTAINABILITY INDICATOR 2

Organizational Performance			
SY14-15	SY15-16	SY16-17	SY17-18
Not Rated	Meets Expectations	Exceeds Expectations	Exceeds Expectations
<b>Summary:</b> All annual ratings and each criteria of this indicator have been rated “Meets or Exceeds Expectations,” in 2015-16, 2016-17 and 2017-18. In 2017-18 criteria 2.2, School Environment and 2.4, Dissemination were rated as “Exceeds.” Due to the transition of the charter performance review system, the 2014-15 school year is not rated.			
<i>2.1 Organizational School-Specific Goals</i>	School-specific goals were not established over the course of this term.		
<i>2.2 School Environment</i>	The charter met or exceeded expectations in this criterion in each applicable year. The school’s attendance rate was part of the performance system for the first time in 2016-17 and the charter’s attendance rate was 95.03%, greater than the state elementary/middle average of 93.81%. The school’s attendance rate was 94.95% in 2017-18, greater than the state elementary/middle school average of 94.33%. Student retention also meets expectations with over 80% of students choosing to return to the school each year. Demand for the school is high, and the school’s waitlist has

	<p>consistently comprised over 50% of available seats.</p> <p>Families are engaged in the school environment in various ways, one of which is through membership on the board of directors. Through the renewal interview process, there was evidence of purposeful parent engagement. Parent Café's are one example, open to all members of the school community, offered as opportunities to learn more about the school curriculum. Students, parents and administrators expressed that parents communicate regularly through phone calls, in-person meetings, conferences and Open Houses, with a translator present at each event. Families noted that they collaborate with teachers and share mutual responsibility for students.</p>
<i>2.3 Equity and Access</i>	<p>Use of attrition data and applicant pool composition were not a factor of this criterion until the 16-17 school year. The charter met expectations in 2016-17 and 2017-18.</p> <p>The board of directors analyze the school's attrition data through the director's monthly report. The board expressed that the school had 1% mobility rate during the 2016-17 school year. The school implements a tracking system for attrition numbers and rationales.</p> <p>Interviews with various school stakeholders confirmed recruitment efforts around the community are primarily through the school directors and word of mouth. In addition, the Americorps teams recruit through door-to-door visits in each sending community. The Learning Community also implements a 60-20-20 enrollment target with 60% students being residents from Central Falls, 20% residents from Providence and 20% Pawtucket residents. The purpose of the enrollment target is to both maintain the current student population and to serve students who identify as educationally disadvantaged or at risk.</p>
<i>2.4 Dissemination</i>	<p>The 2016-17 school year is the first year this criterion was evaluated. The charter met expectations in 2016-17 and exceeded expectations in 2017-18. The Learning Community implements a multi-faceted approach to dissemination through The Teaching Studio. The Teaching Studio provides professional development for schools and districts. Districts that have participated in the professional development include Central Falls, Woonsocket, Smithfield and the Westerly School Department. The professional development sessions are client based and targeted to the school or school department's needs. The Teaching Studio also facilitates the annual Educators' Institute, which includes over 20-targeted workshops led by practicing teachers and practical tools for Educators serving students in grades Kindergarten – 8. The Teaching Studio has been authorized to facilitate the English Language Learner certification process for interested parties, and is currently seeking approval to begin a graduate school pathway for its staff and others.</p>
<i>2.5 Board and Leadership Quality</i>	<p>The charter met expectations in 2015-16, 2016-17 and 2017-18.</p>

# The Learning Community Charter School

## Renewal Report | 2018

	<p>The board consists of 13 voting members; the school's co-directors serve as ex officio board members. Through document review, there is evidence that the board and school leader engage in strategic and continuous improvement planning by setting, and regularly monitoring progress relative to student academic success, priorities that are aligned with the school's mission and educational philosophy. The board receives bi-monthly updates from the school directors that include: budget to actual reports, parent engagement activities and updates, student achievement results and Teaching Studio updates.</p> <p>School decision-making is under the purview of the co-directors, with the board acting as the shepherds of the school's financial management. There is evidence, based on the document review and interviews, that the board and school leader implement clear and well-understood systems for decision-making and communication processes. For example, the co-directors oversee the hiring process and the board approves/denies hires depending on which action that is financially prudent for the school.</p> <p>The Board conducts formal evaluations for co-director evaluations on a cyclical basis. The most recent formal evaluation conducted through a third party, was completed in 2014. The co-directors largely set their own goals in a bottom up management structure. Goals are formed as a result of annual "listening sessions." Whole-school staff participate in the "listening sessions" in which staff provides feedback directly to the co-directors. The co-directors synthesize and present the results of the annual listening sessions to the board as individual goals. The co-directors evaluate building-level administrators using the Rhode Island Department of Education evaluation model. There is evidence that the board holds school leaders accountable through document submission and site visit interviews.</p>

## Renewal Report | 2018

<i>Student Rights</i> (3.1 - 3.5)	Over the course of the term, the charter met expectations for each of the criteria associated with student rights, according to the various RIDE offices responsible for monitoring civil rights, special education, English learners, and Title 1. The charter has submitted the charter school applicant report each year and its lottery process was monitored in the 2017-18 school year.
<i>Employee Management</i> (3.6 - 3.8)	The charter met expectations for each of the criteria associated with employee management to the various RIDE offices responsible for certification and educator evaluation. Human resources procedures are documented in the employee handbook. The Business Manager role also includes responsibilities related to human resources.
<i>Health and Safety</i> (3.9-3.12)	The charter met expectations for each of the criteria associated with health and safety, according to the various RIDE offices responsible for school health services and food service. The student handbook includes a code of conduct, bullying, student discipline and safety procedures.
<i>Educational Program</i> (3.13-3.16)	<p>The charter met expectations in 2015-16, 2016-17 and 2017-18.</p> <p>There was evidence that the school implemented curricula in all grades and all core content areas aligned to statewide standards.</p> <p>The school has submitted all required information via statewide data reporting tools including but not limited to TCS, enrollment and attendance.</p> <p>The charter's school calendar complies with the required length of school day and year.</p>
<i>School Leadership</i> (3.17-3.19)	The charter met expectations in each of the criteria associated with school leadership. The board's bylaws were updated in 2015 and include a conflict of interest policy. The board files its meeting agendas with the Secretary of State and meetings are open to the public as required by state law. A stakeholder complaints process is addressed in the respective student and employee handbooks.
<i>Financial Management</i> (3.20 - 3.28)	The charter met expectations in each of the criteria associated with financial management. The charter complied with all required financial reporting. The charter school employs a business director and accountant. The financial committee works in conjunction with the business director to determine budget revisions for board approval. The co-directors, along with the financial director are responsible for regular updates to the board of directors on the fiscal health of the organization and bringing issues or recommendations forward.

## Response to RIDE Renewal Report

Thank you for this opportunity to provide a written response to RIDE’s Renewal Report. The Learning Community is proud to have met or exceeded expectations in all assessed indicators on the Charter School Annual Performance Report for both 2015–16 and 2016–17, and to have met or exceeded expectations in 20 of the 22 assessed indicators for 2017–18. We are particularly proud of four recent accomplishments that are a testament to our community:

- On the 2018 RICAS test, in both ELA and math, **The Learning Community’s low-income students, Black students, Latino students, students of color, and English language learners earned higher average scale scores than their demographic peers in suburban Rhode Island districts and in Massachusetts overall.** In fact, in a ranking of all RICAS-tested Rhode Island districts, each of these Learning Community subgroups is at or above the 71st percentile in ELA and math when compared to their demographic peers (data available at <https://bit.ly/2RAfjst>).

- On the SurveyWorks family survey—which incorporates Panorama Education’s comparative data set of more than 430 districts and 5,900 schools, across diverse geographic areas, school types, and achievement levels—**The Learning Community is near the 99<sup>th</sup> percentile for minimizing barriers**

- to family engagement; perceptions of the overall social and learning environment; and perceptions of children’s effort, motivation, and response to feedback** (data available at <https://bit.ly/2VEEyCA>).
- The Learning Community embodies the legislative purpose of charter schools, as established in RIGL Section 16-77-3.1(b), “to be vanguards, laboratories, and an expression of the on-going and vital state interest in the improvement of education...vehicles for research and development in areas such as curriculum, pedagogy, administration, materials, facilities, governance, parent relations and involvement, social development, instructor’s and administrator’s responsibilities, working conditions, student performance and fiscal accountability.” Through the Teaching Studio—The Learning Community’s professional development team serving other Rhode Island public schools—we’ve impacted more than 8,000 Rhode Island students.
- The Learning Community has consistently demonstrated exemplary fiscal and organizational management. We have exceeded expectations in organizational performance, which includes school environment, equity and access, dissemination, and Board leadership, a testament to our 15-year track record of excellence as an organization.

We are gratified by these accomplishments, but we are also engaged in a continuous improvement process on behalf of all our students, as any school and any learning community should be. We seek to build on our Year 1 RICAS performance in Year 2, and we anticipate improvement based on our Year 2 experience with NECAP and PARCC. We are engaged in an intensive analysis of our students' performance on released items in relation to the Common Core standards, so that we can shore up any areas of curricular weakness. We continue to revise and improve our curriculum and instructional practices to ensure students are mastering the Common Core standards while also learning the skills of test-takers so they will be confident and successful when taking RICAS, and in life beyond their time with us.

Although our English language learners (ELLs) are excelling academically in relation to their peers in the Rhode Island suburbs and Massachusetts—in fact, among all Rhode Island districts, our ELLs had the 3<sup>rd</sup>-highest average scale score in both math and ELA—the following will improve our capacity to bring our ELLs to English language proficiency and ensure we meet expectations in the areas we did not in 2018, according to the RIDE Star Ratings system:

1. A significant factor in our score is the fact that our ELLs took the ACCESS test on paper in 2017 and on computer in 2018. (In 2017, schools were given the choice to take the ACCESS test on computer; in 2018, all schools were required to take the test on computer. Had we understood at the time that the 2018 ACCESS test would be high-stakes, we would have opted for the computer in 2017.) As one example of the impact of the change, the speaking assessment in 2017 was conducted by a person familiar to our ELLs, whereas the 2018 speaking assessment was conducted via computer recorded voice. The 2019 ACCESS administration will be the second time our ELLs have taken ACCESS on a computer. Now familiar with the technology, we expect that students' year-over-year score will more precisely reflect their language growth rather than also reflecting the challenges of the transition from paper to computer.
2. We are reinstating systematic English language development instruction in 4th grade and analyzing and revising our English language development instruction in grades K–3 to ensure teachers have the time and resources to teach the full curriculum so students make continuous growth.
3. Throughout grades K–8, we are examining the degree to which language objectives are integrated into the rest of the instructional day. Our Academic Strategic Planning Committee has identified instructional practices to support ELLs as a major priority for school-wide professional development for the coming years.
4. We are systematically maximizing our reading support services to most effectively serve our ELLs who receive reading support. Our reading team and ELL director are cross-trained in each other's disciplines and have collaboratively developed thematic units of study that provide context for the academic vocabulary building necessary to overcome typical 4<sup>th</sup> and 5<sup>th</sup> grade reading plateaus for ELLs, while also effectively supporting their growth as struggling readers.

**We are also committed to taking the following steps to put our students in the best position to exhibit more growth on the RICAS ELA (these are incorporated in our most recent 5-year academic strategic plan):**

1. We are analyzing our balanced literacy approach to ensure that our phonics instruction dosage and pacing is aligned in the early grades.
2. Our grade-level teacher teams are working with students to develop writing rubrics, so that our students can analyze their own writing and articulate what they need to keep working on.
3. We are working with teachers to analyze our initial alignment to the Common Core, identify any gaps that may have occurred through the alignment process, and ensure alignment has evolved with our deeper understanding of the standards.

These are just a few highlights of our team's systematic, analytical, and professional approach to continuously learning and improving, so that we may better serve our students and those in other Rhode Island schools.
